## Homework Policy

## 1. Why give homework?

- ◆ To reinforce what the child learns during the day.
- ◆ To provide a link between teacher and parent
- ◆ To develop a child's concentration skills and develop a work ethic.
- ◆ Homework is meant to be achievable by a child, i.e. it provides an opportunity to practise work already done. It is normally prepared by the teacher in class. However sometimes with senior classes, some homework is designed to challenge children's ability and provide opportunities for creativity.
- ◆ Children are expected to do their homework to the best of their individual ability - no more, no less.

## 2. How often is homework given?

- ◆ Homework is given on Mondays, Tuesdays, Wednesdays and Thursdays but not on Fridays. There are two exceptions:
  - ❖ If homework has been neglected during the week.
  - ❖ In senior classes some project work is undertaken at weekends.
- ◆ Sometimes at the discretion of the class teacher or the principal, children are given "homework off" as a treat or as an acknowledgement of some special occasion.
- ◆ Please note extra homework may sometimes be given during the week or at the weekend if a child has presented untidy work or has not made a satisfactory effort with his class work /homework.

### 3. What is the content of homework?

- ◆ Ideally homework will contain a balance between reading tasks, learning tasks, and written tasks.
- ◆ This balance is not always possible and can vary considerably from day to day. However, it should be noted that homework time devoted to reading and learning is as important as written work.
- ◆ Homework will regularly contain reading, spellings, tables, written work, pieces to be "learned by heart", drawing/colouring, collecting information/items and finishing work started in class.
- ◆ Children often feel that reading and "learning by heart" is not real homework. Parents can play an important role in listening to reading and items to be learned ensuring this work is done well.

### 4. How long should my child spend at his homework?

The following are guidelines for time spent at homework. Different children will complete the same homework in different lengths of time. Time spent will vary from day to day and also from the beginning to the end of the school year. It is important to remember that it is the quality and not the quantity of homework that matters. The following are general guidelines only:

Junior & Senior Infants	0 - 15 minutes
Rang 1 & 2	15 - 20 minutes
Rang 3 & 4	20 - 30 minutes
Rang 5 & 6	30 - 60 minutes

- ❖ If you feel that homework is taking too long, you should discuss this with the class teacher

## **5. How much help should parents give?**

- ◆ Parents should try to help their children with homework by:
  - ❖ Providing them with a suitable place and time to do their homework.
  - ❖ Prevent interruptions or distractions, including T.V. or other devices.
- ◆ Children should do written homework themselves and parents should only help when the child has difficulty.
- ◆ If a child has difficulty with homework, the parents should help the child to overcome the difficulty with further explanation or examples, but not by actually doing the homework for the child. In this case the parent should write a note to the teacher explaining the problem.
- ◆ Shared reading is not homework in the regular sense and it is simply meant to be enjoyable exercise between parent and child. If it's not enjoyable, shared reading should not be done.

## **6. How often should parents monitor homework?**

- ◆ Parents should check and sign a child's homework diary every evening.
- ◆ The pupil's diary is an important record of the child's homework. It is also a valuable means of communication between parents and teachers.
- ◆ Ideally, all written messages to your child's teacher should be put in the homework diary.
- ◆ Please check that your child records homework neatly in the correct page and ticks each item of homework when completed.
- ◆ The school newsletter and other letters to parents are folded and placed in the current day of the homework diary. Please check your child's diary for such notes on a regular basis.

## **7. How often do teachers monitor homework?**

- ◆ Ideally teachers like to check homework on a daily basis. However with large class numbers it is not always possible to check each child's homework every day.
- ◆ As children get older and learn to work independently, some items of homework may be checked less often e.g. every second day or once per week.
- ◆ Some items of homework (and class work) may be checked by children themselves under the direction of the teacher. This can be a useful part of the learning process for children.

## **8. When should parents communicate with the teachers about homework?**

- ◆ When your child cannot do homework due to family circumstances
- ◆ When your child cannot do homework because he cannot understand some aspect.
- ◆ If the time being spent at homework is often longer than the recommended amount of time.
- ◆ These issues can be highlighted by putting a note in the diary, making a phone call to class teacher, an appointment with class teacher.

## **9. When should homework be done?**

- ◆ Each family situation is different i.e. both parents working, child minders, etc. Ideally homework should be done before any television is watched and/or soon after school. However some children need a break before starting homework.
- ◆ Homework should never be left until morning time before school.

### **Remember**

**If homework is a stressful experience between parent and child, something is wrong! This leads to poor learning and defeats the whole purpose. Should this happen on a regular basis, please contact the class teacher.**
